WHY IT MATTERS

Beyond a typical school

City River offers an extended day, daily movement, regular art classes, and healthy meals. This adds an additional \$5,000 per student to the cost of education. SGO scholarships make this possible for families.

WHO BENEFITS

Every family, every background

Intentional diversity is a founding principle at City River. SGO scholarships support families who need financial assistance, ensuring that a student's zip code or household income never limits access to exceptional education.
