Women in Science Webinar Series

February 11, 2026 is the International Day of Women and Girls in Science. This annual event aims to promote gender equality and empower women and girls to fully participate in and contribute to the sciences. At ChemStation, we believe in celebrating women in science every day. This February marks the third year of our special webinar series highlighting trailblazing women in food science.

Join us every Friday in February at 10:00am CT / 11:00am ET for an inspiring one-hour session featuring accomplished women scientists. These experts will share their personal journeys, discuss the challenges they've overcome, and offer guidance for the next generation of scientists.

See You at IPPE

The 2026 International Production & Processing Expo (IPPE) will be held January 27-29 at the Georgia World Congress Center in Atlanta, Georgia.

IPPE is the world's largest annual poultry and egg, meat and animal food industry event of its kind. A wide range of domestic and international decision-makers attend this annual event to find solutions for their business, network with industry colleagues and learn about the latest technological developments and issues facing the industry.

If you're planning to attend this event, please stop by and say hello to the ChemStation Team in Booth C35187 (C Hall)!

For more information about this event, visit www.ippexpo.org.

Save the Date: CSI 2026

Record-breaking attendance and feedback at the 2025 **ChemStation Institute: Food Safety & Sanitation Summit (CSI)** tells us that 2026 is going to sell out early. So we've opened Early Bird Registration now, to ensure you have a chance to build this into your schedule for 2026 – and save your seat early. Exceptional speakers and outstanding industry engagement established this year's event as a new benchmark. The feedback from attendees spells out the benefits they took away – from invaluable insights, to hands-on learning, to networking. And they already say they'll be coming back for CSI 2026!

What to expect at 2026 CSI (Oct 26-28, 2026):

- More hands-on workshops than ever before
- Practical tools and templates you can take back to your facility
- Expert-led instruction with real-life application
- Peer-to-peer learning and industry networking

We encourage you and your team to reserve your spot early. This is shaping up to be our **biggest and most impactful CSI yet**, and we don't want you to miss out!
