ChemStation Institute – Early Bird Registration

Early bird registration is now...OPEN! Join us October 21-23 for this year's ChemStation Institute: Food Safety and Sanitation Summit (CSI) at the Radisson Blu Mall of America Hotel in Bloomington, MN!

This year's event will be bigger and better than ever before, featuring educational talks about sanitation validation and verification, sanitation chemistries, a special C.H.E.M. (Collect, Hunt, Eradicate, Maintain) Clinic activity, and much more.

Early bird savings are now open, so click here to register now for this sell-out event!

Also, don't forget to join our new monthly webinar series – Micro Monthly! In June, we discussed Food Safety Sanitary Design and gave an overview of the 10 principles created to guide food manufacturers in understanding design concepts for equipment and environment to prevent contamination. Check out the recording on the Chem U for Customers page of our website under webinars!

Upcoming Tradeshows

This month, ChemStation is set to showcase at both the International Association for Food Protection (IAFP) event in Long Beach, California (July 14-17, Booth #410), and the Institute for Food Technologists (IFT) gathering in Chicago, Illinois (July 14-17, Booth #134).

At IAFP, attendees will be provided with information on current and emerging food safety issues, the latest science, innovative solutions to new and recurring problems, and the opportunity to network with thousands of food safety professionals from around the globe. At IFT, there are unlimited opportunities to connect with the most qualified ingredient, equipment, and technology providers showcasing the latest products and services that are transforming the future of food.

If you are attending either event, please stop by and say hi to the ChemStation Team!

Operation Safe Driver Week

The Commercial Vehicle Safety Alliance (CVSA) organizes several commercial motor vehicle events throughout the year, including Operation Safe Driver Week which occurs this year on July 7-13. This safe-driving awareness and outreach initiative is aimed at improving the driving behaviors of passenger vehicle drivers and commercial motor vehicle drivers through educational and traffic enforcement strategies and driver interactions with law enforcement.

The focus area for this year's Operation Safe Driver Week is reckless, careless or dangerous driving. Any person who drives a vehicle in willful or wanton disregard for the safety of persons or property is driving recklessly. Careless/dangerous driving is defined as operating a vehicle without due care and attention or reasonable consideration for other motorists or people on the road.

For more information on Operation Safe Driver Week, including results from previous Operation Safe Driver Weeks, please visit https://www.cvsa.org/programs/operation-safe-driver/.

Don't settle for average. Bring your best to the moment. Then, whether it fails or succeeds, at least you know you gave all you had.
– Angela Bassett

The only limits for tomorrow are the doubts we have today.
– Pittacus Lore

Perfection is not attainable. But if we chase perfection we can catch excellence.
