APRIL 2025 vol. XXXVIII no.4

See You at CheeseCon!

On April 15-17, ChemStation will be at the Alliant Energy Center in Madison, Wisconsin for CheeseCon 2025, hosted by the Wisconsin Cheese Makers Association and the Center for Dairy Research. From cutting-edge exhibits to expert-led seminars, this event is packed with everything your dairy business needs to thrive.

If you are planning to attend this event, please stop by and say hello to the ChemStation Team in Booth #406. We will be there showcasing how our water-based, biodegradable sanitation and process chemicals are formulated for use in the cheese and dairy industry. We want to help you keep your operation clean, compliant, and running smoothly!

Don't miss out – let's make your sanitation game sharper than ever!

For tickets and to learn more about this event, visit cheesecon.org.

ChemStation Core Value

Safety is a core value for ChemStation nationwide as demonstrated by our Road to Zero Journey. (Zero incidents. Zero harm. Zero injury. Zero accidents.) We understand that in our industry, when working with concentrated chemicals, there are risks involved. However, using ChemStation's unique manufacturing, delivery and refillable tank system minimizes or, in most cases, eliminates most of those risks, offering your employees peace of mind in a safer work environment.

ChemStation is renowned for its commitment to safety and innovation in chemical storage solutions. Our tanks are equipped with advanced containment systems, such as our new mushroom-style tanks with dual wall containment sleeves and gaskets. ChemStation's approach ensures that our customers benefit from the highest level of safety and efficiency in chemical storage. For more information about our tank options, see our Tank Dimensions and Containment Flyer.

From our employees to our customers and beyond, safety is the number one priority in every facet of our company. Learn more at chemstation.com.

MICRO MONTHLY

Micro Monthly for April!

Join ChemStation's Director of Food Safety, Kara Mikkelson, and Tony Ball, Regional Vice President of ChemStation Philadelphia, for this month's Micro Monthly webinar on Friday, April 25 at 10 am CT / 11 am ET.

This session will explore:

- How to conduct a robust root cause analysis in food sanitation
- Tools and methodologies for effective investigation
- How to act on findings to prevent recurrence

Don't let sanitation issues take root – learn how to eliminate problems at the source!

Join us for "Scrubbing Out the Problem: Root Cause Analysis in Food Sanitation" by registering here.

If you really want to do something, you'll find a way. If you don't, you'll find an excuse.
– *Jim Rohn*

Let me tell you the secret that has led me to my goal. My strength lies solely in my tenacity.
– *Louis Pasteur*

Nothing can stop the man with the right mental attitude from achieving his goal; nothing on earth can help the man with the wrong mental attitude.
– *Thomas Jefferson*
