Asphalt Release Solutions

You may know that ChemStation provides solutions for many different industries, but did you know that this includes the asphalt release industry? To meet the specialized needs of this industry, ChemStation offers an array of non-petroleum-based asphalt release agents that are State DOT-approved and NTPEP-listed.

We also supply truck washes, degreasers, asphalt dissolution products, asphalt release application equipment, drag slat release agents and cleaners, and more.

Our exclusive Asphalt Release System (ARS) Unit is an automated drive-through spray system that coats the truck bed with an asphalt release agent to prevent asphalt from sticking. It pumps 6 to 8 gallons/minute with multiple dilution rates and has run-dry prevention for the pump. Like our products, our ARS Unit can be custom-built to meet your facility's needs.

Laundry Solutions

We know that when it comes to laundry, finding a solution that is compatible with your specific dispensing needs is a top priority.

ChemStation partners with industry leaders in industrial laundry and on-premise laundry equipment to align with your chemical management program.

At ChemStation, we're addressing concerns about safety and chemical usage while also enhancing efficiency and saving time. Our unique preventative maintenance, rapid problem response, and innovative laundry program are tailored specifically to meet your needs.

International Roadcheck

The 2024 Commercial Vehicle Safety Alliance's (CVSA) International Roadcheck is scheduled for May 14-16. During this annual three-day event, CVSA-certified inspectors conduct compliance, enforcement and educational initiatives targeted at various elements of motor carrier, vehicle, and driver safety.

This year, International Roadcheck will have two focus areas: one related to hazardous driving behaviors and the other pertains to critically important vehicle violations discovered on commercial motor vehicles. International Roadcheck will focus on tractor protection systems and controlled substance and alcohol possession or use.

To help drivers and motor carriers prepare for this year's International Roadcheck, CVSA created a flyer on this year's focus areas. For this informational flyer or to learn more about International Roadcheck, visit https://www.cvsa.org/programs/international-roadcheck/.

It's not about having the right opportunities. It's about handling the opportunities right.
— Mark Hunter

Discipline is the bridge between goals and accomplishment.
— Jim Rohn

Learn from the past, look to the future, but live in the present.
— Petra Nemcova
