ChemStation

OUR SYSTEM
IS YOUR SOLUTION

OUR PRODUCTS

ChemStation offers a full line of products to service the concrete industry including concrete removal on truck barrels and truck bodies, rust inhibition, and concrete form release agents.

Our products are custom formulated to meet our customers' needs and specifications including chemical content, pH, foam levels, and more.

CONCRETE REMOVAL / TRUCK WASH

- Products to remove concrete, road film, rust, and oxidized deposits.
- Acids & Inhibited Acid Products
  - Urea Hydrochloride blends that produce no fumes
  - Safe and effective blends for overnight use
  - Cleaners for presoak and pressure washing applications
  - Efficient two-step cleaning method:
    1. Acid wash
    2. Alkaline wash to neutralize vehicle surface
  - Inhibited acid products to prevent attack on metal and flash rust
  - Undercarriage protection against concrete overspray
  - Where dwell time is a non-issue, product options including Phosphoric, Hydroxyacetic, and Citric Acids offer a less corrosive and safer alternative to Hydrochloric Acid

CONCRETE FORM RELEASE PRODUCTS

- Products easily release concrete from forms
- Will not stain concrete
- No product film or build-up will be left on the form
- Eliminates bug-holes
- Products do not affect the adhesion of caulks, paints, or coatings
- Provides architectural-grade results
- No post treatment washing needed
- Minimizes the cleanup of equipment including brackets and mixers
- Water-based and oil-based options
- Can be applied in sub-freezing or very hot temperatures

SAFE AND EFFICIENT

SAFE CONCRETE REMOVAL

- Safe and less corrosive alternatives to Hydrochloric Acid
- Prevents damage, fading, and corrosion to metal surfaces
- Safe for use on painted surfaces, glass, aluminum, chrome-plated steel, rubber, and soft metal
- Will not dull, water-spot, or streak painted surfaces
- Products carry low health ratings with no fuming
- Effective in hard or soft water and require no special softeners or additives
- 100% Biodegradable

SAFE AND EFFICIENT

SAFE CONCRETE FORM RELEASE

- 100% Biodegradable
- Contain no VOCs
- No noxious odors in workplace, on clothing, or in treating enclosed forms

WHAT MAKES US DIFFERENT FROM OTHER CHEMICAL SUPPLIERS?

ENVIRONMENTAL ADVANTAGES

- No contamination from discarded containers or residue.
- Optional line of environmentally-preferred GreenSystem® biodegradable products developed to meet specific criteria with regard to our environment.

AUDIT SUPPORT & TRAINING

- Assistance in employee training on chemical safety and product usage.
- Assistance for your team to prepare for audits or inspections.

UNIQUE REFILLABLE SYSTEM

- Our unique refillable tank system saves time and money spent handling and disposing of containers. No freight costs or container deposits.

EQUIPMENT SOLUTIONS

- We offer a variety of tank sizes, dispensing methods, and accessories designed to meet your facilities' individual requirements.

TANK TELEMETRY

- Tank Telemetry provides remote inventory monitoring and reporting for our tank systems.
- Receive automatic notifications or pull reports on demand to easily monitor chemical usage.
- Set automatic deliveries and never run out of product.

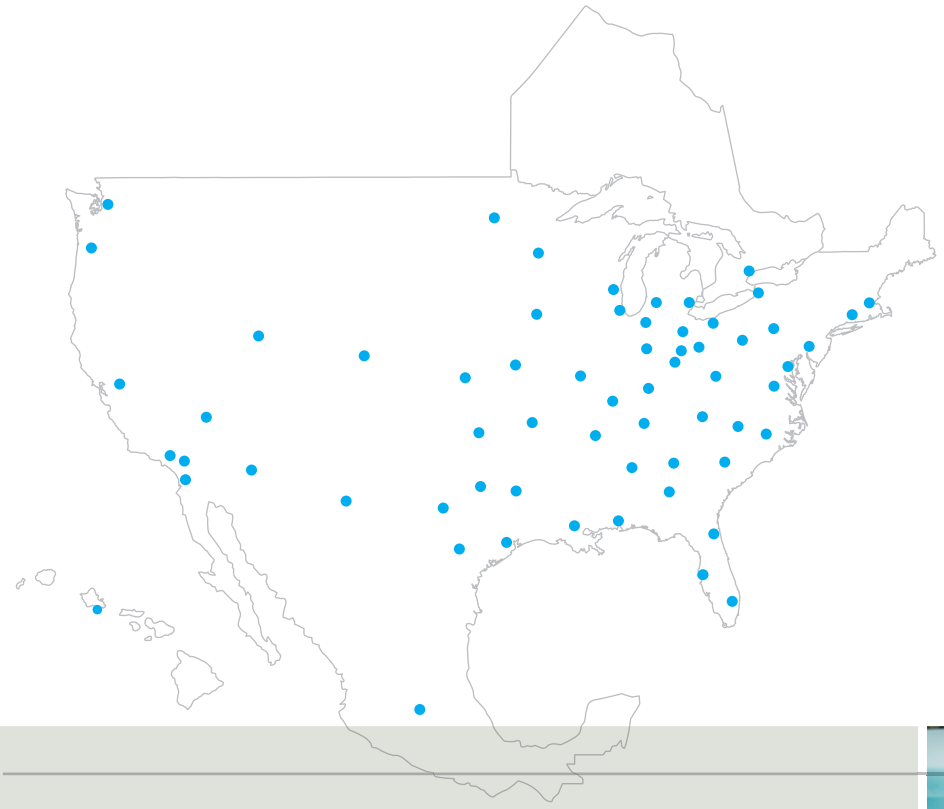

INTERNATIONAL COVERAGE

- ChemStation's network of Manufacturing Centers service local, regional, national, and international customers.
- International footprint, local support.
